

Uniti Signs Long-Haul Dark Fiber Agreement with International Internet Provider

January 18, 2022 1:00 PM EST

LITTLE ROCK, Ark., Jan. 18, 2022 (GLOBE NEWSWIRE) -- Uniti Group Inc. ("Uniti") (Nasdaq: UNIT) announced today that it has signed a twenty-year contract with a large international internet provider, offering long-haul dark fiber connectivity to premier data centers in the Bay Area, Salt Lake City and Denver. This agreement provides scalable and secure transport over a 1,440 mile key route that connects the Bay Area to Denver, while also unlocking key markets for our international carrier customer.

This recent agreement further reflects Uniti's continued commitment and success of driving lease-up on our owned 126,000 fiber route mile national network.

"This latest global customer contract proves Uniti is well-positioned to execute on our mission of providing the critical communications infrastructure needed to seamlessly connect the world. Our steady history of delivering secure and flexible long-haul transport options to our carrier and provider partners is further underscored by our ability to create customized solutions that support international business growth and success," said Thomas Vito, Vice President, Strategy & Business Development at Uniti. "Not only does this agreement support our nationwide fiber-rich network and collaborative approach as compelling differentiators, it also demonstrates our commitment to leveraging our fiber network to support increasing lease-up opportunities."
