

Uniti Group Inc. Reports First Quarter 2025 Results

May 6, 2025 12:00 PM EDT

Updates 2025 Outlook

- Net Income of \$12.2 Million for the First Quarter
- Net Income of \$0.05 Per Diluted Common Share for the First Quarter
- AFFO of \$0.35 Per Diluted Common Share for the First Quarter

LITTLE ROCK, Ark., May 06, 2025 (GLOBE NEWSWIRE) -- Uniti Group Inc. ("Uniti" or the "Company") (Nasdaq: UNIT) today announced its results for the first quarter 2025.

"We are off to a strong start at Uniti this year and are executing well on the goals we set out for 2025. Our core recurring strategic fiber revenue grew approximately 4% in the first quarter of 2025 when compared to the first quarter of 2024, consolidated bookings were up 40% during the first quarter when compared to the same period last year, and the capital intensity of our fiber business continues to decline. Despite the recent global economic volatility, we continue to be well positioned to benefit from several emerging themes within the communications infrastructure space, including those related to Generative AI and convergence, both of which reinforce the premium demand for our mission critical fiber infrastructure," commented President and Chief Executive Officer, Kenny Gunderman.

Mr. Gunderman continued, "We were very pleased that an overwhelming majority of investors approved our upcoming merger with Windstream, which we expect to close in the third quarter of this year. We also recently welcomed John Harrobin as the president of Kinetic and nominated Harold Zeitz as a new board member of Uniti. Both John and Harold are industry veterans who bring proven fiber-to-the-home experience to our team, further positioning us for success. Finally, we are truly excited about our upcoming merger with Windstream and the prospects for creating a premier insurgent fiber powerhouse with a scaled platform for continued future growth."

QUARTERLY RESULTS

Consolidated revenues for the first quarter of 2025 were \$293.9 million. Net income and Adjusted EBITDA were \$12.2 million and \$237.8 million, respectively, for the same period, achieving Adjusted EBITDA margins of approximately 81%. Net income attributable to common shares was \$11.9 million for the period. AFFO attributable to common shareholders was \$92.3 million, or \$0.35 per diluted common share.

Uniti Fiber contributed \$71.5 million of revenues and \$28.8 million of Adjusted EBITDA for the first quarter of 2025, achieving Adjusted EBITDA margins of approximately 40%. Uniti Fiber's net success-based capital expenditures during the quarter were \$17.7 million.

Uniti Leasing contributed revenues of \$222.4 million and Adjusted EBITDA of \$215.1 million for the first quarter. Uniti Leasing's net success-based capital expenditures during the quarter were \$169.9 million, including \$175.0 million of GCI capex.

LIQUIDITY

At quarter-end, the Company had approximately \$592.0 million of unrestricted cash and cash equivalents, and undrawn borrowing availability under its revolving credit agreement. The Company's leverage ratio at quarter-end was 6.09x based on net debt to first quarter 2025 annualized Adjusted EBITDA, excluding the debt and the net contributions from the ABS facilities.

UPDATED FULL YEAR 2025 OUTLOOK

The Company is updating its 2025 outlook primarily for business unit level revisions, the impact from the partial redemption of the 10.50% senior secured notes due 2028, and transaction related and other costs incurred to date. Our outlook excludes any impact from the expected merger with Windstream, future acquisitions, capital market transactions, and future transaction-related and other costs not mentioned herein.

The Company's consolidated outlook for 2025 is as follows (in millions):

FORWARD-LOOKING STATEMENTS

Certain statements in this communication may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended from time to time. Those forward-looking statements include all statements that are not historical statements of fact, including, without limitation, statements regarding the anticipated closing of the merger of Uniti and Windstream (the "Merger") and the future performance of Uniti, Windstream and the combined company following the Merger (the "Merged Group").

Words such as "anticipate(s)," "expect(s)," "intend(s)," "estimate(s)," "foresee(s)," "plan(s)," "believe(s)," "may," "will," "would," "could," "should," "seek(s)," "appear(s)," "target(s)," "project(s)," "contemplate(s)," "predict(s)," "potential," "continue(s)" and similar expressions, or the negative of these terms, are intended to identify such forward-looking statements. These statements are based on management's current expectations and beliefs and are subject to a number of risks and uncertainties that could lead to actual results differing materially from those projected, forecasted or expected. Although management believes that the assumptions underlying the forward-looking statements are reasonable, the Company can give no assurance that its expectations will be attained. Factors which could materially alter the Company's expectations include, but are not limited to, the satisfaction of the conditions precedent to the consummation of the Merger, including, without limitation, regulatory approvals obtained on terms desired or anticipated; unanticipated difficulties or expenditures relating to the Merger, including, without limitation, difficulties that result in the failure to realize expected synergies, efficiencies and cost savings from the Merger within the expected time period (if at all); potential difficulties in Uniti's and Windstream's ability to retain employees as a result of the announcement and pendency of the Merger; risks relating to the value of the Merged Group's securities to be issued in connection with the Merger; disruptions of Uniti and Windstream's current plans, operations and relationships with customers caused by the announcement and pendency of the Merger; legal proceedings that may be instituted against Uniti or Windstream following announcement of the Merger; demands on the Merger Group's cash resources to make interest and principal payments on indebtedness and other expenses following closing of the Merger; changes in current or future state, federal or local laws, regulations or rules; risks inherent in the communications industry and in the ownership of communications distribution systems, including potential liability relating to environmental matters and illiquidity of real estate investments; risks associated with general economic conditions; and additional factors described in the Company's reports filed with the SEC, including Uniti's annual report on Form 10-K, periodic quarterly reports on Form 10-Q, periodic current reports on Form 8-K and other documents filed with the SEC.

All forward-looking statements are based on information and estimates available at the time of this communication and are not guarantees of future performance.

Except as required by applicable law, Uniti does not assume any obligation to, and expressly disclaims any duty to, provide any additional or updated information or to update any forward-looking statements, whether as a result of new information, future events or results, or otherwise. Nothing in this communication will, under any circumstances (including by reason of this communication remaining available and not being superseded or replaced by any other presentation or publication with respect to Uniti, Windstream or the Merged Group, or the subject matter of this communication), create an implication that there has been no change in the affairs of Uniti or Windstream since the date of this communication.

NON-GAAP PRESENTATION

This release and today's conference call contain certain supplemental measures of performance that are not required by, or presented in accordance with, accounting principles generally accepted in the United States ("GAAP"). Such measures should not be considered as alternatives to GAAP. Further information with respect to and reconciliations of such measures to the nearest GAAP measure can be found herein.

NON-GAAP FINANCIAL MEASURES

We refer to EBITDA, Adjusted EBITDA, Funds From Operations ("FFO") (as defined by the National Association of Real Estate Investment Trusts ("NAREIT")) and Adjusted Funds From Operations ("AFFO") in our analysis of our results of operations, which are not required by, or presented in accordance with, accounting principles generally accepted in the United States ("GAAP"). While we believe that net income, as defined by GAAP, is the most appropriate earnings measure, we also believe that EBITDA, Adjusted EBITDA, FFO and AFFO are important non-GAAP supplemental measures of operating performance for a REIT.

We define "EBITDA" as net income, as defined by GAAP, before interest expense, provision for income taxes and depreciation and amortization. We define "Adjusted EBITDA" as EBITDA before stock-based compensation expense and the impact, which may be recurring in nature, of transaction and integration related costs, costs associated with Windstream's bankruptcy, costs associated with litigation claims made against us, and costs associated with the implementation of our enterprise resource planning system, (collectively, "Transaction Related and Other Costs"), costs related to the settlement with Windstream, goodwill impairment charges, severance costs, amortization of non-cash rights-of-use assets, the write off of unamortized deferred financing costs, costs incurred as a result of the early repayment of debt, including early tender and redemption premiums and costs associated with the termination of related hedging activities, gains or losses on dispositions, changes in the fair value of contingent consideration

and financial instruments, and other similar or infrequent items (although we may not have had such charges in the periods presented). Adjusted EBITDA includes adjustments to reflect the Company's share of Adjusted EBITDA from unconsolidated entities. We believe EBITDA and Adjusted EBITDA are important supplemental measures to net income because they provide additional information to evaluate our operating performance on an unleveraged basis. In addition, Adjusted EBITDA is calculated similar to defined terms in our material debt agreements used to determine compliance with specific financial covenants. Since EBITDA and Adjusted EBITDA are not measures calculated in accordance with GAAP, they should not be considered as alternatives to net income determined in accordance with GAAP.

Because the historical cost accounting convention used for real estate assets requires the recognition of depreciation expense except on land, such accounting presentation implies that the value of real estate assets diminishes predictably over time. However, since real estate values have historically risen or fallen with market and other conditions, presentations of operating results for a REIT that uses historical cost accounting for depreciation could be less informative. Thus, NAREIT created FFO as a supplemental measure of operating performance for REITs that excludes historical cost depreciation and amortization, among other items, from net income, as defined by GAAP. FFO is defined by NAREIT as net income attributable to common shareholders computed in accordance with GAAP, excluding gains or losses from real estate dispositions, plus real estate depreciation and amortization and impairment charges, and includes adjustments to reflect the Company's share of FFO from unconsolidated entities. We compute FFO in accordance with NAREIT's definition.

The Company defines AFFO, as FFO excluding (i) Transaction Related and Other Costs; (ii) costs related to the litigation settlement with Windstream, accretion on our settlement obligation, and gains on the prepayment of our settlement obligation as these items are not reflective of ongoing operating performance; (iii) goodwill impairment charges; (iv) certain non-cash revenues and expenses such as stock-based compensation expense, amortization of debt and equity discounts, amortization of deferred financing costs, depreciation and amortization of non-real estate assets, amortization of non-cash rights-of-use assets, straight line revenues, non-cash income taxes, and the amortization of other non-cash revenues to the extent that cash has not been received, such as revenue associated with the amortization of tenant capital improvements; and (v) the impact, which may be recurring in nature, of the write-off of unamortized deferred financing fees, additional costs incurred as a result of the early repayment of debt, including early tender and redemption premiums and costs associated with the termination of related hedging activities, severance costs, taxes associated with tax basis cancellation of debt, gains or losses on dispositions, changes in the fair value of contingent consideration and financial instruments and similar or infrequent items less maintenance capital expenditures. AFFO includes adjustments to reflect the Company's share of AFFO from unconsolidated entities. We believe that the use of FFO and AFFO, and their respective per share amounts, combined with the required GAAP presentations, improves the understanding of operating results of REITs among investors and analysts, and makes comparisons of operating results among such companies more meaningful. We consider FFO and AFFO to be useful measures for reviewing comparative operating performance. In particular, we believe AFFO, by excluding certain revenue and expense items, can help investors compare our operating performance between periods and to other REITs on a consistent basis without having to account for differences caused by unanticipated items and events, such as transaction and integration related costs. The Company uses FFO and AFFO, and their respective per share amounts, only as performance measures, and FFO and AFFO do not purport to be indicative of cash available to fund our future cash requirements. While FFO and AFFO are relevant and widely used measures of operating performance of REITs, they do not represent cash flows from operations or net income as defined by GAAP and should not be considered an alternative to those measures in evaluating our liquidity or operating performance.

Further, our computations of EBITDA, Adjusted EBITDA, FFO and AFFO may not be comparable to that reported by other REITs or companies that do not define FFO in accordance with the current NAREIT definition or that interpret the current NAREIT definition or define EBITDA, Adjusted EBITDA and AFFO differently than we do.
